

CERTIFICATE OF ANALYSIS

Client

INSTA PEPTIDER

Sample

Retatrutide 10mg

Manufacturer

INSTA PEPTIDER

Batch / Lot

reta-20260928

Task number

100005

Method

HPLC

Sample received

27 Sept 2026

Sample tested

28 Sept 2026

HPLC Test (Purity)

Purity: **99,83%**

This report applies only to the sample received and analysed under the identifiers shown. Results should not be interpreted as establishing characteristics that were not included in the analytical scope of this report. Chromatographic purity does not independently establish peptide quantity, sterility, endotoxin status, biological activity, safety, or suitability for human use.
