

CERTIFICATE OF ANALYSIS

Client

INSTA PEPTIDER

Sample

Tesamorelin 5mg

Manufacturer

INSTA PEPTIDER

Batch / Lot

tesa-20260926

Task number

100004

Method

HPLC

Sample received

26 Sept 2026

Sample tested

27 Sept 2026

HPLC Test (Purity)

Purity: **99,678%**

This report applies only to the sample received and analysed under the identifiers shown. Results should not be interpreted as establishing characteristics that were not included in the analytical scope of this report. Chromatographic purity does not independently establish peptide quantity, sterility, endotoxin status, biological activity, safety, or suitability for human use.
